**BOKSInternational**

BOKSInternational welcomes Business Alliance, a full-service accountancy firm based in Moka, Mauritius. It's addition, alongside firms in the Philippines, and Saudi Arabia makes it the third to join the alliance in the last 2 months.

Founded in 2013, Business Alliance serves a large number of companies carrying out business activities across numerous sectors in Mauritius. With Big 4 experience, the firm provides a service of excellence to its clients and has experience in a range of international issues such as international structuring, BEPS, & transfer pricing.

Says Neellen Karuppanan, Partner for Audit & Assurance services "We are really thrilled to have been admitted as a member of the BOKSInternational network after a thorough due diligence exercise. Deep down, we reckon that joining the BOKSInternational network would give a global outreach to our local expertise. And would put Business Alliance at the doorstep of endless opportunities presented by the disruptive global economy. We can now approach multi-jurisdictional assignments with more confidence."

Says Richard Sergeant, Alliance Director "We are very pleased to welcome Business Alliance, our first member from Mauritius, and our fourth in the African region. Neellen and Gavinee have decades of accounting experience and the recent addition of their firm represents how the alliance is growing and forming relations in all parts of the world."

**Editor's Note:**

BOKSInternational was created by Top 60 UK accountancy firm, TC Group, to meet the needs of SMEs seeking a cost-effective, flexible networking alliance that facilitates global business opportunities.

It offers a broad range of expertise encompassing accountancy, audit, tax, legal, advisory and corporate finance services. With a combined fee income in excess of \$140 million and over 50 members in more than 36 countries, it aims to qualify as an Accountancy Age Top 20 Alliance by September 2020.
